Description of the assignment

The aim of this assignment is to demonstrate your understanding of Nature-based Solutions and to help you apply the logic of Nature-based Solutions to your personal context.

Assignment instructions

In this assignment, you will need to respond to five questions, each aligned with a specific course module. You have the option to address these questions gradually throughout the course or collectively at end of the course conclusion.

As the questions are interconnected, we strongly advise maintaining coherence in your responses, arguments, and examples.

Evaluation criteria

Your final report will be assessed against the following criteria:

- Compliance with assignment instructions
- Clarity and quality of expression
- Answers reflect an in-depth understanding of the application of the Global Standard in their specific context.
- Relevance of the conclusions reached
- Compliance with the word limit
- Submission within the deadlines

Result: Pass / Fail
